One of Carley’s favorite quotes was from the movie Apollo 13, “Failure is Not an Option.” She would add, “Keep trying until you are the best you can be …. So the next time they won’t have a reason to reject you.” Carley lived by these two mottos every day of her life.

Carley proudly graduated from Northwestern State University in political science. But her opportunity in the NFL came from her L.S.U. post graduate program. Carley was hired on at Tiger Television as a sports reporter. It was during one of her assignments that she had the opportunity to meet the general manager of the Cleveland Browns, Michael Lombardi. After an interview that showed her spunk and determination, Lombardi was interested in hiring Carley as a character scout and in-house media personality. The rest, well, is history.

Fast forward to the Honorary Crowning of Miss LSU-USA 2020. In January of 2020 Carley’s sister Kaleigh McCord Pedersen, in conjunction with her children’s clothing company Little Louanne, started a foundation called “Carley’s Little Angels.” The purpose of this project was to design a “Rainbow” clothing line for children and all profits would go to the Drew Mascona Foundation. These profits would help pay for Drew to attend St. Lillian’s School in Baton Rouge. It is no coincidence that one of Delta Zeta’s local philanthropies is St. Lillian’s Academy. So when we were contacted about Carley receiving this honor, our families were touched to find out that somehow “Carley’s Platform” was quite fitting of this honor.

To the Contestants: There can be only one crown given tonight, but remember Carley’s last words, “Only Rainbows after Rain the Sun will always come Again.” Look for the blessings of this experience, there will be many. Enjoy the Journey!

So it is with great honor, as the McCord and Ensmingers’ families accept this honor for Carley, to say:

For the last time as your Miss (Mrs.) LSU-USA 2020,

Carley McCord Ensminger
Farewell

I have written and thought about this speech at least a thousand times. For one, I honestly never thought I would be writing it. Not that long ago, I sat in a seat right over there and whispered to my mom, “When I grow up, I’m going to be Miss LSU.” Never in my wildest dreams did I think my 14-year-old self would be right. I dreamed, hoped, wished, and prayed for this title. I wanted it so badly. While the crown is sparkly and the sash beautiful, I wanted this title, so I could hopefully change someone’s life because at 14 years old, my life was forever changed because of Miss LSU-USA 2011. She taught me what it meant to be a kind and compassionate role model and leader, and she showed me how to use your platform to be a part of something so much bigger than yourself. I watched for years to follow the new Miss LSU’s be crowned and do the same thing with the utmost grace. I dreamt about hopefully being able to have the same opportunity, and last year, somehow, my dream became a reality. The last year has been the best year of my life. I’ve been able to be involved so much more on campus, meet so many new amazing men and women, and see first-hand greatness happening in my community. While I don’t know if I’ve been able to change someone’s life like mine was changed ten years ago, I can say my life will be forever changed because of this year. This title has pushed me to become the best version of myself and has given me opportunities that are once in a lifetime. I’m so beyond grateful to have been Miss LSU-USA 2019.

To the contestants, you are beyond amazing, unique, and special. God has blessed you with unique talents and gifts. I am so proud of all of you for taking the leap of faith to be on this stage. The results tonight in no way define you, your future is limitless, and God’s plan is bigger and better than you could ever dream of.

To the new Miss LSU, hold on tight; your life is about to change in more ways than you ever thought possible. Take this year and make a difference. This title is so much bigger than you can imagine, and you can make an impact if you put in the work. Don’t forget somewhere a little girl is saying she wants to be you when she grows up. Walk humbly, speak your truth, and soak in every second. You only have one year, so give it everything you have.

This year went by faster than I could’ve ever imagined, and I truly never wanted this year to end. Thank you to everyone who played a part in making my dreams come true.

For the last time as your Miss LSU-USA 2019,

Keighley Kelley

Major/Minor: Political Communications /French/ 3+3 JD Program

I entered this pageant as an opportunity to challenge myself to be more comfortable meeting new people. LSU has been my lifelong school home since I started kindergarten at University High School. I am honored to have the chance to represent LSU in this pageant.

Abby Cramond

Age: 20
Hometown: Mandeville, Louisiana
Major/Minor: Textiles, Apparel, and Merchandising

We live in such a divided world and with this title, I will be the woman who restores confidence within the students, prioritizes the importance of service, and re-informs others that we need to strive for unity. We need to strive for unity not just as a nation but as tigers.

Brittany Ratliff

Age: 21
Hometown: Friendswood, Texas
Major/Minor: Nutritional Sciences / Spanish

Entering the Miss LSU pageant is my favorite way to give back to LSU. This is an amazing way to represent the university and spread awareness for my platform. Louisiana’s health rankings rank extraordinarily low compared to all other US states according to America’s Health Rankings (AHR), I encourage you to look this information up. Nearly a quarter of people in the state suffer from depression. Food deserts, which is a place where fresh produce is not available within one mile of a neighborhood, is so common that nearly a third of the population lives in these “deserts”. I am so thankful to have the opportunity to spread awareness for this platform through the Miss LSU pageant.
Good luck to our Delta Zeta contestants!

**Major/Minor:** Biological Sciences/ Pre-Med  
I am entering the Miss LSU pageant because I do not see many girls that look like me in pageants, and if I can inspire someone else that is bigger to be confident in who they are, then I did what I entered the pageant to do. I was bullied for my weight and how I look my entire life, but I want to show that I am not self-conscious anymore. I am also an introverted extrovert, and as I get nervous with this, I love talking to people and meeting new people.

**Madison Milton**

**Age:** 20  
**Hometown:** B Walker, Louisiana  
**Major/Minor:** Marketing/ Communication Studies  
I entered the Miss LSU pageant because I knew I would have a blast meeting other LSU women, strutting my stuff on stage, and getting out of my comfort zone. From my first on-stage performance at six years old to my crowning as Miss Walker High, the stage was somewhere I always felt at home. I felt this way because I have spent years doing theater. I did compete in one pageant when I was in 4th grade. The pageant was a fundraiser for my church and had only two participants. I will never forget that fantastic day, and I still cherish the experience I had. My inner 4th grader would love to experience these feelings again!

As someone who strives for grace and success, I am looking for an opportunity to be an ambassador for LSU. I am currently a member of Kappa Alpha Theta and enjoy raising awareness for CASA.

Lucy Barnes

**Age:** 20

**Hometown:** Franklin, Tennessee

**Major/Minor:** Marketing/Marketing Analysis

I grew up in a small town in Tennessee and realized that there were not many people that looked like me. I came to LSU because I fell in love with how diverse the school actually was. I wanted to do the pageant to be a representative of how diverse the school actually is. Also, I wanted to try something different that I had never done before and I feel like this is a great way to boost one’s confidence.

Lauren Wall

**Age:** 21

**Hometown:** Gonzales, Louisiana

**Major/Minor:** Kinesiology, Pre-med

When I came to LSU as a freshman I knew I wanted to compete for the title of Miss LSU. I quickly learned that the skills learned while competing are skills that all successful women obtain. On December 28th, 2019 my pageant coach, biggest role model, and now Miss LSU 2020, Carley McCord passed away in a plane crash. I am competing for the third time for the title of Miss LSU and hope to take home the crown in her honor.

**MAJOR/MINOR:** Construction Management/Interior Design

I decided to compete in Miss LSU because I have always loved to challenge myself to improve in the parts of my life where I have little experience. Being in a pageant is something I never thought I would do, but Miss LSU is a great way for women from all walks of life to feel strong, confident and beautiful while bringing awareness and fundraising for such an amazing cause. I want to inspire young girls to stop walking towards comparison, approval and conformity, but to walk forward with the confidence that you are more than enough.

Carmen Coniglio

**AGE:** 19

**HOMETOWN:** Walker, Louisiana

**MAJOR/MINOR:** Dietetics/ Biological Sciences

I entered the pageant to become further involved at LSU. Miss LSU-USA promotes the welfare of others by charitable giving, campus involvement, and volunteering. I want to take this opportunity to represent the university and give back to the community. I plan to obtain an undergraduate degree and continue my education at LSU nursing school. Ultimately, I plan on obtaining a Ph.D. and having a career as a nurse anesthetist; I want to be “a part” of saving lives.

**MAJOR/MINOR:** Fashion Merchandising/Business

As a young girl, I always looked up to former Miss LSU-USA titleholders and admired the impact that they had on campus and how they served as a voice for the LSU community. By competing for the title of Miss LSU-USA, not only do I want to be an ambassador for LSU, but I want to serve as a role model for every young girl that she might feel a light inside of her that she is fully capable of making a difference in this world and turning her dreams into a reality.

I love being active, whether it be at school or in my community; faith, family, and friendships are most valuable to me. I am participating in the Miss LSU-USA pageant to use this opportunity as a microphone to speak out and raise awareness on campus safety. Not to mention, what better internship to have in my career-focus!

Hailey Touchet
AGE: 21

MAJOR/MINOR: Marketing
I decided to compete in this year’s pageant because I believed it would push me to grow and to build lasting friendships while giving me new opportunities to strengthen my communication skills. Over the past year I have realized that it is important to be a role model for young women like me who might be afraid to take risks and be vulnerable. One of my favorite quotes is by Dhaval Gaudier, “The only thing that is stopping you from where you are to where you want to be is your comfort zone.” I am so excited to be on this journey and I look forward to new adventures. Fun fact: I competed in pageants when I was younger.

Katherine Grace Aherns
AGE: 21

MAJOR/MINOR: Double Major in Political Science and Religious Studies
From the beginning of my LSU experience three years ago, I have had the desire to compete in Miss LSU-USA myself! I love challenging myself to step out of my comfort zone and doing things that will stretch me in places I know I need to grow. One of those places I am constantly working to maintain is my confidence and security in myself and who I was made to be. In today’s world, social media and technology plays a major role in mental health for all people. Performing in Miss LSU-USA allows me to be an example to others to chase their goals and to embrace who they are and who they aspire to be!

There are many reasons why I chose to compete in the Miss LSU-USA Pageant. For me, it was important to compete because of the cancellation of the 2020 pageant, and I also wanted to reconnect with the friends I made from last year and also foster new friendships in this year’s group of contestants! If I were to win Miss LSU-USA 2021, I’d like to use my platform to raise awareness of the consequences of drunk driving and how it has affected my life and others. On campus I am a member of AIME LSU, the German Club, Global Brigades, and the Refuge. Outside of LSU, I am a member of the Figure Skating Club of Louisiana.

I aspire to represent the present and future of LSU, and I want to accomplish becoming better every single day so that people can see God’s light shining through me. As a transfer student, I am so blessed to be involved at LSU in numerous ways, and I truly appreciate the MISS LSU USA pageant for allowing me to fall in love with LSU. This Pageant has allowed me to learn invaluable skills and expand my platform of increasing diversity, equity, and inclusion on LSU’s campus through policy. My hope for this pageant is to use my skills to grow as a leader and individual as well as inspire other LSU students to not let this past year deter them from trying new things.

I have never done a pageant before but I wanted to challenge myself, my younger sisters, and my friends to not shy away from unfamiliar things. I want to grow in my self confidence and feel feminine. I see the value in this experience as a woman who is always striving for self improvement and I feel that this pageant is an opportunity for me to do this. I hope that by being in this pageant I will inspire my sisters, my friends, and other women to do things unfamiliar to them regardless of others’ opinions.

Last year, I met the most amazing group of women to compete alongside for the title of Miss LSU-USA 2020. By participating again this year, I hope to be able to share my experiences with others to positively influence their growth in school and in life. The LSU community has given so much to me both in education and friendship. By joining the campus organizations like the LSU Rowing Club and The BCM at LSU, I have found my LSU family. With a major in Fashion Merchandising and a minor in Business Administration, the prospect of what the future holds is incredibly exciting!

As the oldest of five siblings, family has always been extremely important to me. Day by day, I strive to be an example for my younger siblings and to motivate them to always be the best version of themselves. This passion for fostering growth and learning led me to my future career in education. I want to compete in the Miss LSU-USA pageant because, before I can instill confidence and empowerment within my students, I must find it within myself. Life is better lived outside of your comfort zone.

The title of Miss LSU-USA holds a variety of opportunities to become involved in campus, athletic, and community related activities. Growing up, I had many hobbies which included hunting and fishing. My life is not the typical pageant girl life. On the weekends, you could probably find me hunting with my family. I have always had an immense passion for hunting and fishing just like my dad. My dad always fished for a tarpon with best friend “Boo”. In 2021, Boo caught a rodeo winning tarpon that weighed 188.4lbs. If you know anything about tarpon fishing, you know how big of an accomplishment this was. Boo was a thrill seeker whose lifetime goal was to have any kind of world record. In the summer of 2015, Boo unexpectedly passed away of a heart attack at the age of 42. Inspired by his life, my family strives to live as he did. The next summer, I caught a tarpon weighing 188.4lbs which is now the standing world record in the junior age group. I truly believe that my Uncle Boo watches over and guides my family everyday. I hope to leave a lasting impact on others’ lives as he did.

I come from a long line of LSU tigers that have been loving purple and living gold for as long as I can remember. And my love for the university and all of its offerings has only grown since I became a student. LSU has given me so much, so I think that Miss LSU would be a great way to give back! I have recently become keenly interested in Louisiana’s culture and heritage as part of my Honors Thesis and joining the Miss LSU pageant seemed like a natural extension of those efforts. I would use the platform of Miss LSU to raise awareness about all the great things that Louisiana has to offer, especially in a time where many people may tend to focus on the “negative”. I want to show the world that whether it’s the state of Louisiana, or a small-town girl from Cajun Country, there is so much more than meets the eye.

I have chosen to compete for Miss LSU-USA to inspire others to chase their dreams and reach their fullest potential. This title would provide the unique opportunity to be even more involved on campus and leave a lasting impact on my community. I am competing in memory of Carley McCord, Miss LSU-USA 2020 who tragically died in a plane crash on December 28, 2019. It would mean the world to me to carry on Carley’s light and legacy by serving as Miss LSU-USA 2021.

Greg Meriwether is an EMMY and Edward R. Murrow award-winning anchor and reporter heading into nearly two-decades at WAFB. Greg anchors our 5, 6, and 10 pm newscasts and is WAFB's Managing Editor. Greg came to WAFB from Kentucky where he studied journalism and history at Western Kentucky University. “I consider myself a ‘purist’ in our craft and believe in its history, and meaning,” Meriwether said. “It’s our job to simply tell the stories of our time, plain and simple.” Faith, family and animals are really important to Greg. 2018 brought the arrival of what Greg and his wife call a true blessing from God, their first child Jack. Greg’s mother and father both live in Kentucky and he enjoys visiting them as often as he can—taking his wife, son and superstar dog Truman on road trips there several times throughout the year. Greg has served on numerous boards throughout his time in Baton Rouge and is currently on the Greater Baton Rouge Salvation Army’s advisory board and a long-serving member of WAFB’s editorial board. Greg is thankful for the love and support this community has shown him thanks his Lord and Savior Jesus Christ for all He has provided throughout the years.
Ty Hingle

Ty Hingle met his future wife, Allyson Jones in Chemistry 1201 class while attending Louisiana State University. While at LSU, Hingle was on the Dean’s list, the President of the Poultry Science Club and involved heavily with Chapel on the Campus. He was also a member of the LSU Rugby Team where he played the position of outside center. Hingle graduated from LSU in 1998 with a Bachelor’s of Science in Poultry Science. The two Baton Rouge natives, were married in 2000 and continue to reside in the state’s capital. They have two boys, Baron and Hayden, who both attend The Dunham School. After a successful career as a regional sales trainer for a Fortune 500 pharmaceutical company, God opened doors to entrepreneurship. Mattress Direct owner, Ty Hingle, has spent the last 16 years helping grow his company into one of the largest regional independent brands in the United States. Named Furniture Today’s Giant of Bedding, Mattress Direct started out as a single store and has grown into a 20 store chain that focuses more on people than products. Hingle and business partner, Lee Burns, continually focus on the ever changing landscape of sleep by adapting their methods to coincide with today’s shopper. Hingle and Burns have transformed their Dr. Greene Mattress Brand conceptualized with Hingle’s college friend and orthopedic surgeon Craig Greene M.D., from a traditional mattress manufactured by Serta into a nationally distributed bed in a box. Hingle resides in Baton Rouge with his wife Allyson and two boys Baron (16) and Hayden (14). He is very involved with his family, his community and his church. He currently serves as Chairmen of the Dean’s Advisory Council at LSU and on the board of directors of Dream Teachers. Hingle is an active member of Healing Place Church, helps out with functions at his children’s school and is an avid reader, runner and guitar player.

or more than 20 years, the Sigma chapter of Delta Zeta has hosted the Miss LSU pageant to benefit our philanthropies, both nationally and locally.

On a national level, the organizations that Delta Zeta benefits are the Starkey Hearing Foundation, American Society for Deaf Children, and SeriousFun Children’s Network. Starkey provides hearing aids and hearing health care services to those in need all over the world. American Society for Deaf Children is committed to empowering diverse families with deaf children and youth by embracing full access to language-rich environments through mentoring, advocacy, resources, and collaborative networks. SeriousFun Children’s Network creates opportunities for children and their families to reach beyond serious illness and discover joy, confidence and a new world of possibilities, through camps and programs, always free of charge.

We are thankful to be able to send several members of our chapter to the Painted Turtle Camp, a SeriousFun Children’s Network camp, each year. As Delta Zetas here at Louisiana State University, we are able to serve the children in our local community through two amazing organizations, St. Lillian Academy and the Emerge Center. We are truly blessed to have the opportunity to work hands-on with these children on a regular basis. We are so appreciative of your continuous support for our philanthropies. The opportunities that we have to serve our community would not be possible without you. Thank you for viewing the 2021 Miss LSU pageant! We hope you enjoy.
